

Fighting my Insecurities

Suffocated by my Fears
Dominated by my Mind
Can't seem to walk away
always in the darkness lately it seems

I'm gonna fight my Insecurities
i won't let you bring me down
just wait and see

yeah Conquer them all one by one
yeah one by one by one by one
one by one by one
ha

yeah one by one
i'm gonna fight my insecurities
my insecurities
my fears no longer my security its me

Suffocated by my Fears
Dominated by my Mind
Can't seem to walk away
always in distress these days it seems

ill push through the darkness
ill break free no matter what you think
you think of me
fighting my insecurities (2x)

Ill Rise Ill rise above
everything you see
ill conquer it all
one by one by one

one by one by one
my insecurities
fighting it all ill conquer
one by one

Suffocated by my Fears
Dominated by my Mind

Can't seem to walk away
but I will this time
my insecurities (2x)
ill rise above it all you see
as i fight my insecurities —m
my insecurities you see
my my insecurities

Suffocated by my Fears
Dominated by my Mind
Can't seem to walk away
i'm always in distress it seems lately
but ill push through the darkness
no matter what you say

cuz i am
fighting my insecurities
one by one
i'm gonna conquer it all
as i fight
my insecurities
