

i was wrong

chantelle bee

mmmmm

i thought we had love that could
never ever break
but now the truth is out
and it's so hard to take

but i believed in every word you said to me
but your action spoke much louder
can't you see

how can you treat someone you love
so unkind
oh you acted like you cared
you played with her mind
when i gave my heart completely and trust in you
Now I'm left here feeling so confused...

thought you loved me
but i was wrong
thought we always be
but once again so wrong

how can you love someone
and treat them so wrong
and now im left here with heartache so strong

so strong
i gave you my all
and wore my heart on my sleeve
but you took advantage
you made me believe
in a love so pure
and a future so bright
but you shattered it
with all your lies

how could i miss the signs so clear
the way you treated me unfair
oh so unfair

oh i thought you loved me
but i was wrong
i thought we always be but once again so wrong

how can you love someone and treat them this wrong
now i'm left here with heartache so strong
i thought you loved me
so wrong (2x)
how can you love someone and treat them this wrong
i thought you loved me
but i was wrong
