

Gasping 4 Air
Lyrics

Verse 1

Let's this be a lesson
As your playing the victim
Yeah come on scream and shout cuz no one can hear you now
Yeah you wanna play rough
But you played with the wrong bitch this time around
I got news for you
You thought I was sweet nice kind and true

Pre chorus

You pushed me to my limit
Yeah you made a mistake
You got me mad
Now there's a price you gotta pay
In a instant now
You got me transforming into a woman
You don't wanna meet
Best believe me

Chorus

Cuz I'll make you mad
To the point of despair
I'll have you locked up
In your own mind
Gasping
Gasping 4 air (3x)
Gasping gaspin
Gasping 4 air

You'll be gasping 4air
Yeah yeah yeah

Verse 2

Beware my anger
Can take a different form
I'm a roller coaster of emotions
I can't empathise this more

But deep down I'm still the same
With love and compassion as my aim

I'm working to find a better way handling my anger day of day
But for now you better watch out

Cuz you pissed me off like that
Yeah watch your back
Cuz I'm really really super mad

Pre chorus

You pushed me to my limit
Yeah you made a mistake
You got me mad
Now there's a price you gotta pay
In a instant now
You got me transforming into a woman
You don't wanna meet
Best believe me

Chorus

Cuz I'll make you mad
To the point of despair
I'll have you locked up
In your own mind

Gasping
Gasping 4 air (3x)
Gasping gaspin
Gasping 4 air
